Secure 160/190

CRT/LCD TV CABINETS

The Secure 160 and 190 units are based on the same well designed cabinet styles but with different frame heights to suit the presentation environment.

- 2 cabinet designs are available with contemporary Anthracite cabinet on a silver framework or traditional Beech cabinet with dark grey frame; both easily manoeuvrable on robust 10cm diameter wheels, 2 locking.
- The LCD cabinets are supplied with a VESA stabiliser bracket to take up to 32" set, which when used in conjunction with the manufacturers stand secures the LCD set in place, there is also a slide out shelf, ideal for Laptop use.
- The TV cabinets for traditional CRTs have 2 separate compartments for DVD or VCR storage.

NB - Please note that these cabinets are delivered **READY ASSEMBLED**, please check all external dimensions are convenient for your requirements before ordering.
